Independently Published, United States, 2019. Paperback. Condition: New. Language: English. Brand new Book. It's the year 2084. Jana, a burnt-out archaeology student, works in a third-class institute of reproductive medicine. She, the orphan, whose ancestors were notorious salt researchers, as she later learned, discovered by chance that a pinch of salt brings lame sperms to life. On the basis of this observation, she develops a business idea that enables everyone to playfully produce a living product and let it mature...
